

Translational Neuroscience in Practice: Lessons from Amsterdam and Kuopio

Welcome to the seminar **Translational Neuroscience in Practice: Lessons from Amsterdam and Kuopio** on **Friday 12 June, 14:00–15:30** at **Kuopio University Hospital, Auditorium 2** (M-building, Puijonlaaksontie 2).

The keynote speaker of the event is **Prof. Yolande Pijnenburg** from Amsterdam, the Netherlands.

The seminar highlights translational neuroscience in neurodegenerative diseases, bringing together perspectives on research, clinical care and regional research infrastructure from Amsterdam and Kuopio.

Program

- 14:00-14:30** **Prof. Yolande Pijnenburg**, Amsterdam UMC
Bridging Science and Clinical Care in Neurodegenerative Disease:
Lessons from the Amsterdam FTD Approach
- 14:30–15:00** **Prof. Annakaisa Haapasalo**, A.I. Virtanen Institute for Molecular Sciences
Translational Neuro-Research in Kuopio – Examples from FTD Research
- 15:00–15:15** **Anssi Kailaanmäki**, Science Service Center, Wellbeing Services County of North Savo
Enabling Translational Impact through Regional Infrastructure
- 15:15–15:30** Discussion
- Chair: Prof. Eino Solje**, Kuopio University Hospital, Neuro Center &
UEF Brain Research Unit

The seminar is open to all, and no registration is required. More information: johanna.jarventaus@uef.fi

Welcome!
