Filter for your microscope of interest

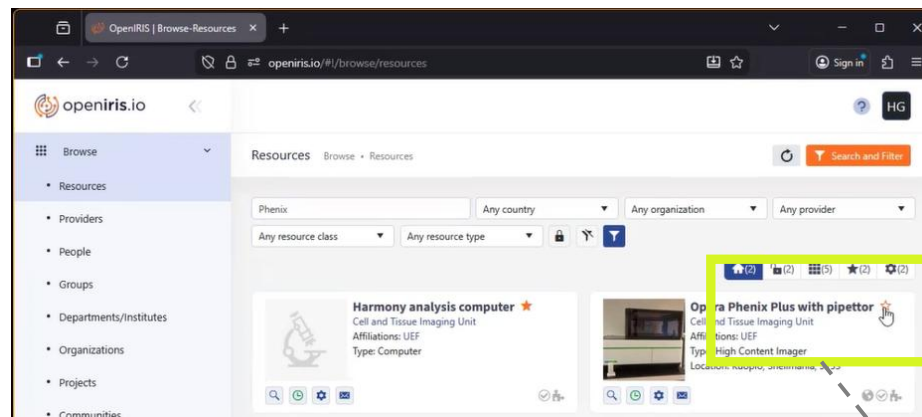

1. Use the input box on top of the "Resources" and type the name of the microscope
2. If you don't see the filter options, open the menu in the top right corner

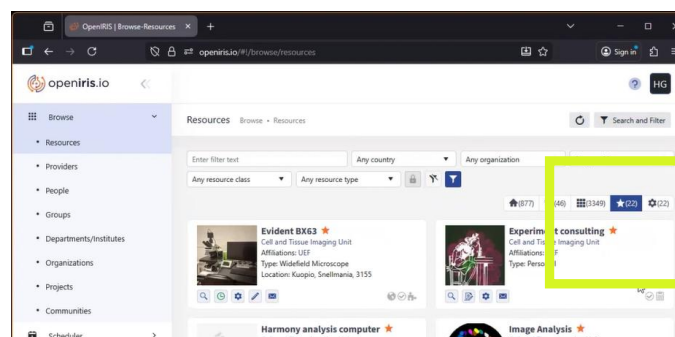

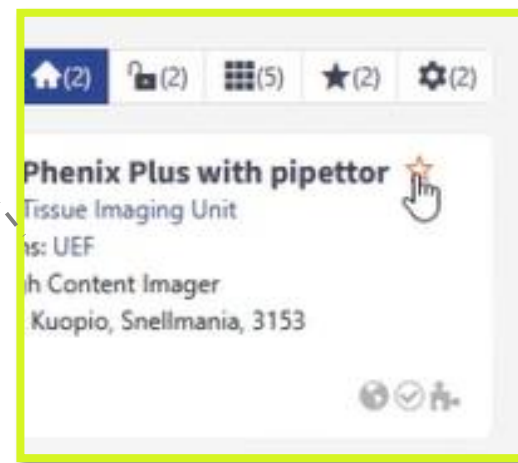

To search for a different microscope, reset the filter and type a new name into the filter box.

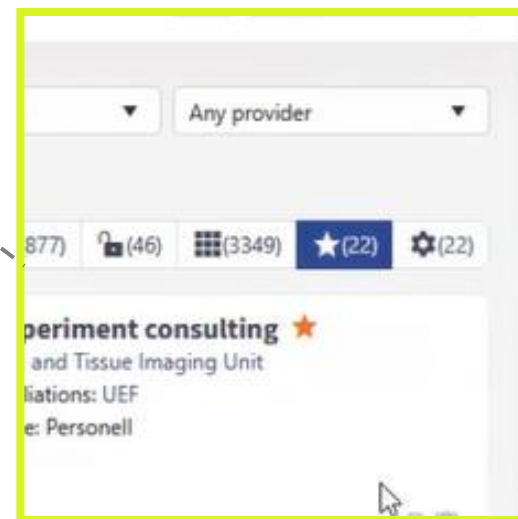

Set your favorites for easier access

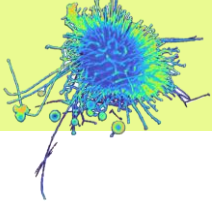

For easier access in the future, mark your microscope as a favorite using the star icon.

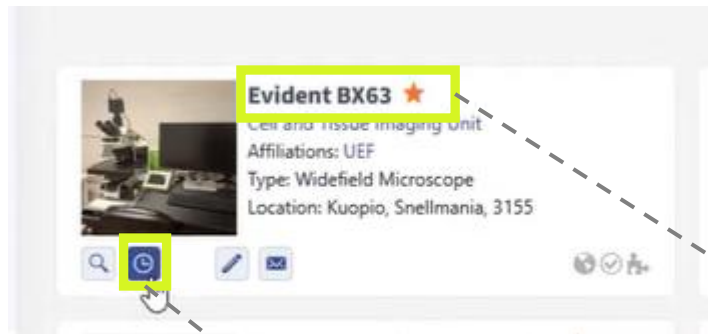

You can then navigate directly to your favorites in later visits
