

Patient information	Name	Identification code	Blood sample date
---------------------	------	---------------------	-------------------

**Available tests** DNA extraction, gene analysis and statement are included in the prices. invoicing costs 5 €. Cost of urgent analysis 100€ (Can be applied only to analyses which described with option of urgency).

- ☐ Screening of the coding regions of the GCMB-, PTH-, GATA3-, TBCE-, AIRE-, GNAS-, CASR-, GNA11-, TRPM6-, CYP27A1, VDR-, FAM111A and TBX1 genes (1300€)
- ☐ Familial isolated hypoparathyroidism: Screening of the coding regions of the GCMB- and PTH genes (990€)
- ☐ Deletion analysis of the CASR gene (600€)
- ☐ Autosomal dominant hypocalcemia: Screening of the coding regions of the CASR and GNA11 genes (990€)
- ☐ Bartter's syndrome type 5: Screening of the coding regions of the CASR gene (700€)
- ☐ Hypomagnesemia With Secondary Hypocalcemia: Screening of the coding regions of the TRPM6 gene (700€)
- ☐ Vitamin D-dependent rickets type 1: Screening of the coding regions of the CYP27A1- and VDR genes (990€)
- ☐ Kenny-Caffey syndrome type 2: : Screening of the coding regions of the FAM111A gene (700€)
- ☐ DiGeorge syndrome: Screening of the coding regions of the TBX1 gene (700€)
- ☐ A previously identified gene variant (220€/each)
  - family relationship, name, identification code and previously identified gene and mutation:
- ☐ A previously identified deletion or insertion (400€)
  - family relationship, name, identification code and previously identified gene and mutation:

<b>Delivery of the results and Invoicing</b>	<b>Physician</b>
	<b>Address</b>

**Invoice address and VAT number**

<b>Sample requirements</b>	<ul style="list-style-type: none"> <li>- Two EDTA blood tubes (2x3-7ml, infants 1x0.5-3 ml) or extracted DNA (e.g. tissue samples)</li> <li>- Write a patient name, identification code, blood sample date on the tube</li> <li>- After taking a blood sample store it in a refrigerator</li> <li>- Mail the blood samples by express mail at ambient temperature as soon as possible</li> <li>- Mail the blood samples on Monday, if possible</li> </ul>
----------------------------	---

**Shipping  
address**

University of Eastern Finland  
Institute of Clinical Medicine / Laboratory of Internal Medicine  
PL 1627 (Yliopistoranta 1 C)  
70211 Kuopio  
Finland
