

**Wednesday 22.11.2023 – SOBIO days & YHYS pre-colloquium conference**

<b>Time</b>	
<b>12:00-12:45</b>	<i>Lunch at own cost in Restaurant Usva, Kauppakatu 44</i>
<b>12:45-13:00</b>	Moving across the street to Laulutalo
<b>13:00-13:05</b>	Welcoming words by Irmeli Mustalahti, University of Eastern Finland
<b>13:03-13:35</b>	Keynote Speech: Impactful science communication by Sari Eskelinen, communications specialist, University of Eastern Finland
<b>13:35-13:50</b>	Commentary speech about science communication by Markus Melin, research manager, Natural Resources Institute Finland (LUKE)
<b>13:50-14:00</b>	General discussion
<b>14:00-14:40</b>	Pitching your own research
<b>14:40-15:00</b>	<i>Coffee break</i>
<b>15:00-16:15</b>	Pitching session, part 2
<b>16:15-16:25</b>	<i>Break</i>
<b>16:25-17:30</b>	Science communication workshop by Anna Mustonen, Versus. The participants get to practice science communication with their own research and topic
<b>18:30-</b>	Evening get-together at Laulutalo: sauna, food, drinks, karaoke, networking

Thursday 23.11.2023

<b>Time</b>							
<b>11:15-</b>	Coffee and registration (Educa lobby)						
<b>12:00</b>	Opening of the conference (E100)						
<b>12:15</b>	Short movie: Entangled Forest (E100)						
<b>12:35</b>	Keynote: Eco-social reconstruction as horizon for emancipatory social-ecological transformations by Ulrich Brand, Professor of International Politics at the University of Vienna (E100)						
<b>13:35</b>	Keynote by Patience Mususa, Senior Researcher at Uppsala University (E100)						
<b>14:35</b>	<i>Coffee break</i>						
<b>15:00</b>	<p><b>Session 1. Maintaining and challenging the position of animal- and plant-based foods in food systems. (E212)</b></p> <p>Mari Niva, University of Helsinki, Dept. of Economics and Management, Silvia Gaiani, University of Helsinki, Ruralia Institute Taru Lindblom, University of Helsinki, Dept. of Education <b>1.Acceptability and support for “A Fair Meat Price”</b></p>	<p><b>Sessions 2 &amp; 5. Technology is the answer, but what was the question? Critical approaches to the green promises of digitalization &amp; Technological optimism and its critique in environmental social sciences (E101)</b></p> <p>Toni Ruuska, University of Helsinki Andreas Roos, Lund University Eeva Berglund, Aalto University, Minna Santaoja, University of Eastern Finland</p>	<p><b>Session 4. Deep leverage points and layers to understand and generate sustainability transformations: examining root causes of unsustainable systems (E102)</b></p> <p>Annika Lonkila, Finnish Environment Institute Suvi Huttunen, Finnish Environment Institute</p> <p><b>1.The paradigm of well-being and deep leverage points</b> Teea Kortetmäki, University of Jyväskylä</p>	<p><b>Session 7. Conflicts and contestation in the Green Transition – where are the tensions and what should be done? (E100)</b></p> <p>Lasse Peltonen, University of Eastern Finland, Dept. of Geographical and Historical Studies Johanna Leino, University of Eastern Finland, Dept. of Geographical and Historical Studies Juha M. Kotilainen, University of Eastern Finland, Dept. of Geographical and Historical Studies</p>	<p><b>Session 8. Experience and Meaning in/of Environments (E213)</b></p> <p>Pasi Heikkurinen, University of Helsinki Tuulikki Halla, University of Eastern Finland</p> <p><b>1.Experiencing forests and urban green spaces through walk-and-talk interviews: towards holistic approach to restorative green environments</b> Miia Heikkilä, Aalto University</p>	<p><b>Session 9. Engaging with care and broken world thinking in Polycrisis (E202)</b></p> <p>Taru Peltola, University of Eastern Finland, Finnish Environment Institute</p> <p><b>1.Unfolding Sense of Water: conceptual framework to explore caring for water</b> Katriina Soini, Natural Resources Institute Finland;</p>	<p><b>Session 10. Policies and practices for sufficiency (E214)</b></p> <p>Tina Nyfors, University of Helsinki Senja Laakso, Tampere University Kristoffer Wilén, University of Helsinki</p> <p><b>1.About fostering sufficiency in social work education and practice</b> Satu Ranta-Tyrkkö, University of Jyväskylä</p>

<p>Marguerite Beattie, University of Helsinki; Daria Paniotova-Mączka; Adam Mickiewicz, University in Poznan, Poland &amp; Hannibal Thai, University of Queensland, Australia</p> <p><b>2. Decision Support for Sustainable Dietary Choices</b> Wanying Yan, University of Helsinki; Timo Sipiläinen, University of Helsinki &amp; Alessandro Banterle, University of Milan</p> <p><b>3. Exploring meat consumption corridors</b> Minna Kanerva, Sustainability Research Center (artec), University of Bremen</p>	<p><b>1. Technological optimism as a cultural-existential challenge</b> Pasi Takkinen</p> <p><b>2. Expanding use of space creates a new planetary boundary for sustainability</b> M. Palmroth &amp; J. I. Hukkinen</p> <p><b>3. Has activation run out of steam?</b> Outi Pitkänen; Tomas Moe Skjølsvold &amp; Marianne Ryghaug</p> <p><b>4. Tech-yes, tech-no, tech-perhaps! Technological ambivalence in degrowth</b> Andreas Roos &amp; Toni Ruuska</p>	<p><b>2. Who intervenes for transformation? Worker agency as a deep leverage point</b> Eeva Houtbeckers, University of Turku, University of Eastern Finland and Untame Collective</p> <p><b>3. Paradigms and deep leverage points in the Finnish food system</b> Annika Lonkila, Finnish Environment Institute; Minna Kaljonen, Finnish Environment Institute &amp; Linda Holvas, University of Eastern Finland</p> <p><b>4. 'And then they will have nature protection as an occupation' - 'Good farming' as a paradigm hindering climate change mitigation with agricultural peatlands</b> Suvi Huttunen, Finnish Environment Institute; Annika Lonkila, Finnish Environment Institute;</p>	<p><b>1. Policy trade-offs in urban transformations</b> Janina Käyhkö, University of Helsinki; Heidi Tuhkanen, University of Helsinki; Johan Schuur, ETH Zürich, Institute for Spatial and Landscape Development; Eveliina Dunkel, University of Helsinki; Adrienne Grêt-Regamey, ETH Zürich, Institute for Spatial and Landscape Development &amp; Sirkku Juhola, University of Helsinki</p> <p><b>2. Friction points of early small modular reactor (SMR) projects: regulation and seed funding</b> Matti Kojo, LUT University; Markku Lehtonen, Universitat Pompeu Fabra &amp; Tapio Litmanen, University of Jyväskylä</p>	<p><b>2. Walking as performance of relationality with environment</b> Sonja Laukkanen, Helsinki University</p> <p><b>3. "Where is the joy?" Terrains of care in Helsinki's smart city</b> Sara Zaman, University of Helsinki; Suvielise Nurmi, University of Helsinki &amp; Christopher Raymond, University of Helsinki</p> <p><b>4. Meaning making of future urban environments and politics of visualization</b> Jenni Kuoppa, Tampere University &amp; Aalto University</p> <p><b>5. Finding happiness in Finnish forest experiences</b> M.S. Syamili, University of Eastern</p>	<p>Juha Hiedanpää, Natural Resources Institute Finland; Riikka Latva-Somppi, Aalto University; Himansu Mishra, Natural Resources Institute Finland; Maarit Mäkelä, Aalto University; Taru Peltola, University of Eastern Finland and Finnish Environment Institute; Mia Pihlajamäki, Natural Resources Institute Finland; Kati Pitkänen, Finnish Environment Institute; Matti Salo, Natural Resources Institute Finland &amp; Kristina Svells, Natural Resources Institute Finland</p>	<p><b>2. Sufficiency overshadowed?</b> Kaisa Matschoss, Laura Salmivaara, et al. University of Helsinki</p> <p><b>3. Sufficiency in sustainability transformations: how collective capacities operate in local governance?</b> Maija Faehnle, Finnish Environment Institute; Jani Lukkarinen, Finnish Environment Institute &amp; Hanna Nieminen, Finnish Environment Institute</p> <p><b>4. Frugal Innovations for a more resilient future: lessons learnt from an open innovation challenge targeting under-</b></p>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<p><b>4.Power relationships in the dairy and alternative products food system</b> Silvia Gaiani &amp; Iida Alasentie, Ruralia Institute, University of Helsinki</p>			<p>Sara Simola, University of Helsinki; Ari Paloviita, University of Jyväskylä &amp; Ellen Huan-Niemi, Natural Resources Institute Finland</p> <p><b>5.Creating a chain of leverage – when what happens behind the scene matters: Interlinkages between leverage points for strengthening adaptive capacity to climate change</b> Linda Rosengren, Natural Resources Institute Finland</p>	<p><b>3.Resisting extractivism: Thari Indigenous people’s struggles against the Belt and Road Initiative</b> Usman Ashraf, University of Helsinki</p> <p><b>4.Incommensurabilities of new Arctic extractive projects in Finland's North</b> Maija Lassila, University of Helsinki</p> <p><b>5.Managing Local Mining Tensions with Collaboration: Community Benefit Agreements in Finland</b> Juha M. Kotilainen, University of Eastern Finland &amp; Lasse Peltonen, University of Eastern Finland</p> <p><b>6.The Green Transition, contested natural resources, and rural perspectives of justice in Finland</b> Johanna Leino, University of Eastern Finland; Tuija</p>	<p>Finland; T. Takala, University of Eastern Finland; A. Korrensalo, Natural Resources Institute Finland &amp; E-S. Tuittila, University of Eastern Finland</p> <p><b>6.Living with Flood and Migration: Experience of ‘Left Behind Women’ in the Kosi River Basin</b> Shubha Srishti, Tata Institute, University of Jyväskylä</p>	<p><b>2. Green transition or cultural genocide? On the enactment of different realities of the Arctic Railway</b> Anna Ott, Finnish Environment Institute</p> <p><b>3.Architecture as a regenerative practice of care – the need for a cultural and paradigmatic shift</b> Panu Savolainen, Aalto University</p> <p><b>4.Building repair as an act of care</b> Iida Kalakoski, University of Tampere &amp; Riina Sirén, University of Tampere</p>	<p><b>represented citizen groups</b> Hanna Saari, VTT Technical research Centre of Finland; Maria Åkerman, VTT Technical research Centre of Finland &amp; Giovanna Sanchez Nieminen, VTT Technical research Centre of Finland</p> <p><b>5.Acceptability of sufficiency consumption policies in Finnish households</b> Essi Nuorivaara, University of Helsinki</p> <p><b>6.On the way to sufficiency: A circular economy as a springboard to degrowth</b> Heta Leinonen, Tampere University &amp; Roni Lappalainen, Jyväskylä University</p>
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

				<p>Mononen, University of Eastern Finland; Jukka Sihvonen, University of Eastern Finland &amp; Sonja Kivinen, University of Eastern Finland</p> <p><b>7. Legal and political arguments on aquatic ecosystem services – A case study on Kemi River basin, Finland</b> Eerika Albrecht, University of Eastern Finland and Finnish Environment Institute; Roman Isaac, Leuphana University Lüneburg &amp; Aleksi Räsänen, Natural Resources Institute Finland</p> <p><b>8. “It should be much faster fashion” – tensions in the transition to a circular textile industry</b> Anna Härri, LUT University &amp; Jarkko Levänen, LUT University</p>			<p><b>7. Already at minimum? Perceptions of energy use reduction and energy renovation in Finnish households</b> Jenny Rinkinen, LUT University; Kaisa Matschoss, University of Helsinki &amp; Tuija Kajoskoski, University of Helsinki</p>
<b>17:30</b>	YHYS Annual meeting						
<b>19:15</b>	Conference dinner at Ravintola Filipof, Torikatu 10						

Friday 24.11.2023

Time								
8:30	Registration and info desk opens							
09:00	<p><b>Session 1. Maintaining and challenging the position of animal- and plant-based foods in food systems. (E212)</b> Mari Niva, University of Helsinki, Dept. of Economics and Management Silvia Gaiani, University of Helsinki, Ruralia Institute Taru Lindblom, University of Helsinki, Dept. of Education</p> <p><b>1. Shaping normativity and affectivity of (un)sustainable</b></p>	<p><b>Sessions 2 &amp; 5. Technology is the answer, but what was the question? Critical approaches to the green promises of digitalization &amp; Technological optimism and its critique in environmental social sciences (E101)</b></p> <p>Toni Ruuska, University of Helsinki Andreas Roos, Lund University Eeva Berglund, Aalto University Minna Santaoja, University of Eastern Finland</p> <p><b>1. Binaries of management and mitigation:</b></p>	<p><b>Session 3. Sustainability in Tourism – Meaning of Nature for Individuals, Businesses, and the Whole Society (AG106)</b></p> <p>Henna Konu, University of Eastern Finland, Tourism Business research group Kelsey Johansen, University of Eastern Finland, Tourism Business research group Katja Pasanen, University of Eastern Finland, Tourism Business research group Jarno Suni, University of Eastern Finland, Tourism Business research group</p>	<p><b>Session 4. Deep leverage points and layers to understand and generate sustainability transformations: examining root causes of unsustainable systems (E102)</b></p> <p>Annika Lonkila, Finnish Environment Institute Suvi Huttunen, Finnish Environment Institute</p> <p><b>1. Human–nature relations contributing to sustainability mindsets: insight from transdisciplinary empirical research</b></p>	<p><b>Session 6. “All old is new again” – The alternative organisations as a phenomenon (E214)</b></p> <p>Minna Käyrä, University of Jyväskylä Maija Lähteenkorva, University of Jyväskylä</p> <p><b>1. Ecosocial Approach to Social Work Organizational Praxis: A Case Study of NGOs in Finland &amp; Slovenia</b> Amy Shackelford, MSW, MPH Doctoral Student,</p>	<p><b>Session 7. Conflicts and contestation in the Green Transition – where are the tensions and what should be done? (E100)</b></p> <p>Lasse Peltonen, University of Eastern Finland, Dept. of Geographical and Historical Studies Johanna Leino, University of Eastern Finland, Dept. of Geographical and Historical Studies Juha M. Kotilainen, University of Eastern Finland, Dept. of Geographical and Historical Studies</p> <p><b>1. Adding to acceptability of wind power -</b></p>	<p><b>Session 8. Experience and Meaning in/of Environments (E213)</b> Pasi Heikkurinen, University of Helsinki Tuulikki Halla, University of Eastern Finland</p> <p><b>1. The challenges of the existing land use binaries to the diversity of meanings that forest environments produce for forest owners in Finnish rural contexts</b> Emmi Salmivuori, University of Eastern Finland</p> <p><b>2. Does holistic and meaningful urban dialogue have potential to reshape the idea of a good forest?</b></p>	<p><b>Session 11. Decolonialization and moving towards environmental collaboration (E204)</b></p> <p>Irmeli Mustalahti, University of Eastern Finland Patience Mususa, The Nordic Africa Institute</p> <p><b>1. A study on confrontation between the Sámi people’s decolonising action and industrialisers’ tactics</b> Tiina Jääskeläinen, Hanken School of Business &amp; University of Eastern Finland</p>

<p><b>food consumption practices – analysing food marketing discourses</b> Katri Weckroth, Tampere University, Faculty of Management and Business &amp; Ulla-Maija Sutinen, Tampere University, Faculty of Social Sciences</p> <p><b>2. Living (with) animals and plants in subsistence farming and CSA in Finland</b> Riikka Aro, University of Jyväskylä</p> <p><b>3. “Milk Belongs to Finnish Food Tradition.” Nationalism and</b></p>	<p><b>From agricultural intensification to TechnoGarden fixes</b> Hannu I. Heikkinen; Olli Haanpää; Karoliina Kikuchi; Simo Sarkki; Élise Lépy; Anna Ruohonen &amp; Aleksi Räisänen</p> <p><b>2. Making worlds through governing soil biodiversity: why is environmental DNA (eDNA) gaining traction in Finnish land governance?</b> Anna Krzywoszynska &amp; Jelena Salmi</p> <p><b>3. Home To Roost And Then What? Developing</b></p>	<p>Muhammad Khogali, University of Eastern Finland, Tourism Business research group</p> <p><b>1. Tourism-related conflicts in the Bigodi community, Uganda</b> Denis Dobrynin, University of Eastern Finland; Jordan Byekwaso, Makerere University; Irmeli Mustalahti, University of Eastern Finland &amp; Ahimbisibwe Karembwe, Makerere University</p> <p><b>2. Digital tools in developing nature tourism: Transitioning from theory to practical involvement in</b></p>	<p>Kaisa Raatikainen, Finnish Environment Institute</p> <p><b>2. Money as a deep lever: exploring paradigm changes in economics</b> Ossi I. Ollinaho, University of Helsinki</p> <p><b>3. Fisheries management as an instrument for sustainability transformation</b> Timo Haapasalo, University of Eastern Finland</p> <p><b>4. Shifting power through participation in post-diseaster recovery: A scoping review</b> Heidi Tuhkanen, University of Helsinki, Stockholm Environment Institute</p>	<p>Jyväskylä University</p> <p><b>2. Operational space of urban gardening among Polycrisis</b> Krista Willman, PhD researcher, University of Tampere</p> <p><b>3. Sowing Change- Examining the evolution of the B Corp Movement in Georgia (U.S.) and Finland</b> Maija Lähteenkorva, Doctoral researcher, Corporate Environmental Management, University of Jyväskylä</p>	<p><b>feasible or illusory?</b> Jakob Donner-Amnell, University of Eastern Finland</p> <p><b>2. Building a Collaborative Platform between Wind Power and Reindeer Husbandry</b> Emma Luoma; Jonna Kangasoja &amp; Sanna Hast</p> <p><b>3. Actors’ perceptions of environmental (in)justice – reindeer herding and forestry as overlapping rights-holders to the same land in Sápmi/Sweden</b> Kaisa Raitio, Swedish University of Agricultural Studies (SLU) &amp; Anna Hjelm, Swedish University of Agricultural Studies (SLU)</p>	<p>Vesa Kemppainen, University of Eastern Finland</p> <p><b>3. Resources as relations: on the ecological (dis)embeddedness of meaning</b> Janne Säynäjäkangas</p> <p><b>4. Experiencing natural environments: Non-economic Values and Indigenous perspectives</b> Corinna Casi, University of Helsinki and University of Lapland</p> <p><b>5. Experiencing the environment during a polycrisis – shifting priorities and the moderating role of political trust</b> Sami Ahonen, University of Turku; Aki Koivula, University of Turku &amp; Jukka Sivonen, University of Turku</p>	<p><b>2. (De)colonizations in the Maya Forest? The Nexus of Science, Mayans and Conservation</b> Hanna Laako, University of Eastern Finland</p> <p><b>3. Decolonial environmental justice in landscape restoration</b> Sabaheta Ramcilovic-Suominen; Susan Chomba; Anne M. Larson &amp; Fergus Sinclair.</p> <p><b>4. Collaboration and capacity building as creating internal ruptures – the case of Wayuu community gardens and the Cerrejón coal mine in La Guajira Colombia</b> Liisa Varumo, Finnish</p>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<p><b>Naturalness in Finnish Milk Promotion</b>          Taija Kaarlenkaski, University of Eastern Finland</p> <p><b>4. Towards less 'cheesy' food culture? Cheese in the everyday lives of Finnish consumers</b>          Sami Koponen, University of Helsinki; Taru Lindblom, University of Helsinki &amp; Mari Niva, University of Helsinki</p>	<p><b>cognitive resilience in cities in times of Polycrisis</b>          Nina Janasik; Marko Ahvenainen; Annukka Lehikoinen; Tapio Reinekoski &amp; Janne Hukkinen</p> <p><b>4. Cities as political technologies in the Polycrisis</b>          Lauri Lahikainen</p>	<p><b>the Heinävesi Marina and nature travel development project for 2022-2023</b>          Virpi Pakarinen, väitöskirjatutkija, University of Eastern Finland</p> <p><b>3. On 'wilderness' and a modern forest economy: sustainability meets social reproduction in Finnish nature tourism</b>          Eeva Berglund, Adjunct Professor (Environmental Policy) Aalto University, Department of Design &amp; Roger Norum, University of Oulu</p> <p><b>4. The Role of Reflective</b></p>	<p><b>5. Leverage points, leapfrogs, catalysts, triggers and what? Contours of transformative geographies in sustainable water governance</b>          Jani Lukkarinen, Finnish Environment Institute</p> <p><b>6. How to leverage the Nature Restoration Law in Finland? Digging into the roots of the policy conflict.</b>          Minna Santaoja, University of Eastern Finland, School of Forest Sciences</p> <p><b>7. The transformation of the clothing sector towards sustainability in</b></p>		<p><b>4. Epistemic governance of fragmented forests in spatial planning – addressing the tensions between sectors and actors</b>          Aino Rekola, Finnish Environment Institute and University of Tampere &amp; Riikka Paloniemi, Finnish Environment Institute</p> <p><b>5. Postgrowth Finnish Bioeconomy</b>          Ruben Vezzoni &amp; Sabaheta Ramcilovic-Suominen</p> <p><b>6. Public forest discourses in Finland: Conflicts and collaborations</b>          Venla Wallius, Jyväskylä University of</p>		<p>Environmental Institute &amp; University of Eastern Finland</p> <p><b>5. Culture, Climate Change and Water Conservation: Water ecosystem and culture-based adaptation practices in Bangladesh</b>          Shahid Mallick, University of Eastern Finland</p> <p><b>6. Forms of collaborative actions: Analysis of interactive methods, processes and their implication to support integrated landscape approach. Scoping review in progress</b>          Authors:          Agustiyara, Maryam Amiri; Denis Dobrynin; Ida Herdieckerhoff; Nicole Klenk; Edda</p>
