DREAM CITY – can you make it?

MISSION

Our mission is to give teams opportunity to think and create a great examples of future green, eco-friendly cites.

Share eco friendly solutions and spread awareness of social impact to a nature and ecosystem. Set an examples of solutions implement in a city of Szczecin as well as in own cities of team members form each of their country.

Future is in our hands!

After introduction to a MOB host city – Szczecin, participants were divided into 6 groups in which they have to create their own dream city, that includes;

- ❖ Education,
- ❖ Eco-friendly solution including waste manging and food policies,
- ❖ Transportation and housing,
- ❖ Water sources.

The result were incredible! Every team presented their City with specific name of it and great individual solutions that were: free education and meals at school, "water-way" - using, filtering and renewing, transpositions solutions and economic location of most important services and stores

Co-funded by the Erasmus+ Programme of the European Union
